Thanks for responding:) apparently the deal would only show if printed from my computer and not my phone. Just incase another ever asks the same question, tell them to print from a computer:).

Good afternoon Renee,

Unfortunately I am not sure what the issue is. The USDC seal is still showing on our end, which leads me to believe it may be an issue on your end. I apologize I can't not see what you are seeing. You can always try sending the PDF to another email address or we could always send you a physical copy if requested.

Thank you kindly,
